

Product Documentation (09.01.2015)

System requirements: pCon.planner

Suggested requirements

Processor:	Quad Core – processor (class 3 GHz)
System memory:	8 GB
Operating system:	Windows 7 / 8 (64-bit)
Available disc space:	1 GB
Graphics board:	Ati/AMD, nVidia, 1 GB, Hardware OpenGL 3.0
Screen resolution:	1600 x 1200 pixels
Microsoft Internet Explorer 11	
Mouse with scroll wheel	

Minimum requirements (32-bit Editions)

Processor:	Dual Core – processor (class 2 GHz)
System memory:	2 GB
Operating system:	Windows Vista SP2
Available disc space:	300 MB
Graphics board:	Ati/AMD, nVidia, 128 MB, Hardware OpenGL 1.5, Shader Model 2.0
Screen resolution:	1280 x 1024 pixels
Microsoft Internet Explorer 9	
Mouse with scroll wheel	

Minimum requirements (64-bit Editions)

Processor:	Dual Core – processor (class 2 GHz)
System memory:	4 GB
Operating system:	Windows 7 SP1 (64-bit)
Available disc space:	300 MB
Graphics board:	Ati/AMD, nVidia, 512 MB, Hardware OpenGL 1.5, Shader Model 2.0
Screen resolution:	1280 x 1024 pixels
Microsoft Internet Explorer 9	
Mouse with scroll wheel	

Notes

The pCon.planner 7 requires an up-to-date graphic card, not older than three years. Because of better driver support a product of the two major manufacturers, NVIDIA and ATI / AMD is recommended. Furthermore, please make sure to use the latest graphic card drivers.

The use of integrated on-board or on-die (GPU) graphics solutions is not recommended. The pCon.planner offers since version 6.4 a compatibility mode (*Start Menu* → *Preferences*) to support such hardware systems to a minimum.

Due to less capability of these solutions a loss of performance should be expected also in the compatibility mode. Please note that the following features are not available in compatibility mode: display modes **Concept** and **Realistic**, real-time antialiasing, virtual sky in the work area and the collage export format (EPX).
